SOURCE

According to personal observations of source and the statement of a railroad gate keeper at Kuestrin/Kietz (O 53/V 66), an average of six eastbound trains daily crossed the border, during the reported period :

1. Two trains of 25 to 30 cars each loaded with telegraph poles (about 40 poles per car),
2. Two trains of sealed freight cars, the shipping labels of which carry the inscription "dispatched abroad", but without any data on the load .
3. Two coal trains.
4. The same number of trains-six-return empty from Poland every day.

25X1A

Comment :

Report is in agreement with information obtained from the pertinent records issued by the Eastern Zone Directorate General, Railroads, according to which an average of five or six eastbound trains pass through this border crossing station every day and a corresponding number of trains, mostly empty, daily return from the east.

This document is hereby regraded to CONFIDENTIAL in accordance with the letter of 16 October 1978 from the Director of Central Intelligence to the Archivist of the United States.
